

## PRODUCT INFORMATION

### MINOX DC 1411

#### The powerful compact camera with 14 megapixels and HD movie function

Top digital performance in a compact design: the new MINOX DC 1411 not only stands out with compact dimensions of just 95 x 55 x 19 mm, it also excels with its design, outfit and remarkable performance potential. For example, the large wide angle of the 28 mm wide-angle lens that also shoots excellent group photos in restricted spaces. In addition to this the DC 1411 offers a resolution of 14 megapixels, a 4x optical zoom as

well as a large 2.7 inch color monitor. The slim and elegant design together with extremely compact dimensions make this new MINOX DC 1411 a stylish and attractive companion.

The 1/2.33" CCD image sensor and the powerful MINOCTAR lens guarantee pin-sharp and brilliant image results. The new HD movie function shoots film sequences with a substantially higher image

quality. And the 4x optical zoom offers enormous scope, already when selecting the image detail. With the autofocus feature it is possible to react fast and accurately to any situation, and together with the low shutter speed delay spontaneous shots and fast image sequences can be captured reliably and with ease.

When processing the images later on the very high image resolution allows maximum enlargement of details and even poster-size prints in high quality. The automatic white balance always ensures a natural color rendition.

To individually adjust the camera to the prevailing light conditions there are several flash functions for the user to choose from.

All data are stored on SD cards with up to 32 GB or in the internal 32 MB memory. A rechargeable lithium-ion battery provides the DC 1411 with its power supply.

The scope of delivery of the MINOX DC 1411 includes a power pack, USB and video cable, lithium-ion battery, wrist strap, ever-ready case as well as a user's manual and CD-ROM with software.

#### Technical Data

Image sensor	14.0 MP CCD Sensor
Image resolution (pixel)	4,288x3,216 / 3,264x2,448 / 2,304x1,728 / 1,600x1,200 / Film: 640x480, 320x240 / HD: 1,280x720/30 fps
Colour	24-Bit RGB
Lens	Autofocus MINOCTAR lens
Lens aperture	f = 3.0 (W) – 5.8 (T)
Focal length	5.0 mm (W) – 20.0 mm (T) (corresponds to 28 – 112 mm with 35 mm format)
Shutter speed	1 – 1/2000 sec.
Zoom	4x optical / 6x digital
White Balance	Auto, Manual (Daylight, Cloudy, Fluorescent 1 or 2, Incandescent)
Display	2.7" TFT colour screen
Flash	Built-in
Flash modes	Auto, Fill-In, Red-Eye-Reduction, On/Off, Pre-Flash,
Exposure	Auto exposure / Manual $\pm 2,0$ EV in 1/3 steps
ISO	64, 100, 200, 400, 800, 1600, automatic
Self-Timer	10 sec. / 2 sec. / 10+2 sec.
Memory	Internal memory 32 MB; external memory with SD/SDHC Cards up to 32 GB
Language	German, English, French, Italian, Spanish, Brazilian Portuguese, Dutch, Russian, Chinese
Software	Arcsoft Media Impression, Print Creations, Panorama Maker
System requirements	Windows XP/Vista/7; Mac OSX from 10.3.9
Connectors	USB
Power	Lithium Ion rechargeable battery
Dimensions	3.74x2.16x0.75 inch / 95x55x19 mm
Weight	4.02 oz / 112 g
Scope of delivery	Lithium Ion battery, Power supply unit, Case, Cord, USB cable, CD-ROM, Instruction manual
Order number	60673
